ELÄIN

Horse: MINDYOURPULSE W.F.
Standardbred
Stallion
Date of birth: 25.4.2024

The horse was operated due to fragmentation on the palmar aspect of the medial splint bone of the right front leg. This fragment was removed. It was caused by a trauma.

The horse had moderate swelling in both hind fetlocks. Both hind fetlocks were operated due to fragmentation on the plantaromedial corner of th P1.

Kimmo Elfving DVM 1537
