To whom it may concern,

Staro Quentin 19-2014, standardbred trotter, stallion, microchip 985141001349248, owner Staro International AB.

The above mentioned horse had arthroscopic surgery at Evidensia Helsingborg Equine Referral Hospital the 14th May 2020 for left hindlimb medial type I osteochondral fragment of proximal phalanx.

The surgery and recovery were uneventful.

The prognosis for athletic function is considered to be excellent.
