ANIMAL

NO LIMIT CHARISMA (35530)
Hevonen, lämminverinen
Born: 1.1.2021
Gender: Ori

Veterinary certificate

The horse No Limit Charisma had small medial plantar chips ("birkeland fragments") in both hind fetlocks. The right hind fetlock had also a small chip in dorsal side.

The horse was arthroscopically operated on Tampere Equine Clinic 30.8.2022.
All those 3 fragments were taken out. The joint cartilage was normal in both fetlocks.

According to my understanding the prognosis to the racing animal is good.

Tampere, 5.9.2022
