

Jalisco Pine (604660)

Sto, Född 20-04-2024

Operation 25-02-2025: RH Tarsocrural joint (TCJ) arthroscopy (Hasled), OCD medial malleolus.

TCJ RH (Hasled HB): Fragment removed from medial malleolus of the tibia and subchondral bone curetted. No fragment in the distal intermedial ridge of the tibia. Moderate wear lines seen on the lateral trochlear ridge of the tibia in the plantar pouch of the TCJ.

The prognosis is good, and the operation is not expected to affect the performance of the horse in the future.
